VOLUME CVI.---NO. 216. ALEXANDRIA, VA., TUESDAY EVENING, SEPTEMBER 12, 1905. PRICE 2 CENTS.

TIRED OUT.

There's many a wife sits in the growing shadows of an evening, knowing what it is to feel tired out; as if there was not another ounce of effort left in her. But if healthy she knows how sound her slumber will be and how refreshed the morning will find her. But it's another thing for the sick woman to feel tired out. Rest only seems to increase her suffering. She feels acutely the aching back and throbbing nerves. Sick women, hundreds of thousands of them, have been made well by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I am pleased to inform you of the benefit I received from using Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,'" writes Mrs. Elizabeth A. Oswold, of 45 Brant Street, Windsor, Essex Co., Ontario, Canada. "Was quite discouraged when I wrote asking your advice, as the physicians here told me I could get no relief except by an operation. Suffered for four years from irregular and profuse menstruation, had sick and nervous headaches most of the time, and at times could hardly walk across the floor from weakness. I thank God there is such a remedy as Dr. Pierce's Favorite Prescription for suffering women. Before I had taken the first bottle the headaches had left me and it was not long before regularity was established and still continues so. Have just finished house-cleaning which I never expected to be able to do again, and can truly say I never felt better than at present. I gladly recommend 'Favorite Prescription' to all who suffer from female weakness. It has cured me and made me stronger in every way. Neither my husband nor myself can say enough in its praise."

The selfish seller who urges some substitute is thinking of the larger profit he'll make and not of your best good.

TO CURE ANY DISEASE.

The Cause Must be Removed, Same Way With Dandruff.

Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Newbro's Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destoying the dandruff germs. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good," will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol

Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. Prepared at the Laboratory of E. O. DeWitt & Co., Chicago, U. S. A.

Confessed to Murder.

"When my lifeless body is found notify my mother, Mrs. Catharine Herzig, of Girard, O. The enclosed letter will reveal my identity and the awful secret of my wretched life. I can endure it no longer."

The foregoing note was found by Frank Byer, who lives on a claim near Hidden Wood, North Dakota, It was written by one of his harvest hands called Frank, who has disappeared.

In the letter the writer, who signs himself Charles Herzig, says.

"Dear Mr. Byer: In the early seventies Charles Sterling, a supposed tramp, was tried for the murder of Lizzie Grombacker, a beautiful young woman residing near Youngstown, in Mahoning county, Ohio. He was convicted on circumstantial evidence and was hanged for the crime in the county jail at Youngstown.

"Charles Sterling was an innocent man. I am guilty of the murder of that young girl.

(Signed) "CHARLES HERZIG."

Byer and his neighbors have made a search without success for the body of Herzig.

A dispatch from Youngstown, O., says that the murder of Lizzie Grombacker occurred in 1874 and Charles Sterling, a tramp, was hanged for it in 1877 after two trials. Sterling maintained his innocence to the end.

Nothing could be learned of the Herzig family, supposed to live near Girard. No one knows Mrs. Catherine Herzig at Girard, although inquiry was made of the postmaster. It was said that a family of that name had formerly lived in that vicinity, but no one knows them at the present time.

Davis Jones, a well-known newspaper man of Pittsburg, Pa., who reported the Grombacker murder case over 30 years ago, remembers the case well. He said yesterday:

"The crime caused intense excitement through Ohio and this part of the country. Miss Grombacker was about 17 years old and very beautiful. She was found in the bushes between Youngstown and Poland with a veil tied tightly around her throat. Charles Sterling, the tramp who was hung for the crime, was seen in the vicinity during the day and was convicted on purely circumstantial evidence. He was tried twice, the jury disagreeing at the first trial. A woman from Canada, who said she was Sterling's mother, came to see him before he was hanged, but she was denied by Sterling."

Tortured by Robbers.

Bound, gagged, and tortured by fire by three bandits, who sought to make them reveal the hiding place of a treasure they thought concealed in the house, Andrew and John Forhen, old and wealthy farmers, living near Spring Lake, 12 miles north of Elgin, Ill., are in a serious condition and it is feared that the shock and injuries may prove fatal to Andrew, the elder of the two brothers.

Andrew, after the robbers had searched the house and taken $360, managed to free himself from the thongs which bound him and started across the fields to secure help. The soles of his feet were blistered, however, and before he had gone far he fainted and fell into a ditch. There he lay until after daylight. Finally he revived and made his way to a cheese factory, where he gave the alarm, but the bandits had gained a start of several hours and could not be found.

The bandits appeared Sunday night, and, when refused admittance, battered in the door and overpowered the old men after a brief struggle. They searched the house and, finding only $360, concluded that a larger sum was concealed somewhere. They beat and choked their victims and finally applied lighted papers to the soles of their feet to make them tell where the supposed treasure was hidden.

After half an hour of excruciating torture, John Fohren fainted from pain and the robbers left. John was still unconscious when assistance arrived, but revived and is in a less serious condition than his elder brother.

Railroad Company Responsible.

The Atlantic Coast Line Railroad Company was charged by four juries with negligence as the result of yesterday's inquest into the cause of the wreck on its line at Bruce Station near Norfolk, August 17, when 17 persons were killed and 50 or more were injured. The Norfolk city jury inquiring into the death of one of the victims, who died there in a hospital, returned a verdict holding that the company was negligent in sending Engineer Reig in charge of the excursion train engine when he was unacquainted with the division. The Norfolk county jury followed soon after with a similar verdict. The most important testimony was given by S. B. Reig, the crippled engineer, who left the hospital for the trial yesterday. He said he was from Radford, Va., and that he protested that he did not know that division of the road. But he was ordered to take the excursion train out. He said he did not know there was a drawbridge at Bruce's Station and that he did not see the half-mile post or the warning boards. He did not know of the danger till he saw the open draw. He reversed the brakes too late and went into the water with the engine and was rescued by the fireman, who had jumped on the land. The company has paid $60,000 in setting claims.

Incredible Brutality

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at E. S. Leadbeater and Sons, drug store.

Cause of Insomnia.

Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by Gibson & Timberman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS.

Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Numerous and Worthless

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding Piles, eczema, cuts, burns bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by W. F. Creighton & Co., 401 King street.

Alexandria Gazette AND VIRGINIA ADVERTISER

TUESDAY EVENING, SEP. 12, 1905.

THE next branch of the Department of Agriculture which, it is said, will come into the department's searchlight is the Bureau of Forestry. Secretary Wilson's present western trip is said to have been primarily for the purpose of rectifying some gross irregularities that it is alleged exist in the Black Hills forest reserve. It is claimed by those who have followed the recent disclosures of "graft" in that department that the end is yet a long way off, and that other high officials and "trusted" employes are as deep in the mire as were those who have been dismissed or let out under the cloak of resigning. It is freely said that the President has not in all cases thought the investigations were carried deeply enough, or that the punishment meted out to the wrong-doers was in all cases what would be justified by the evidence adduced, and the President is not the only one who entertains these views. Secretary Wilson in his Agriculture Department seems to have grown a wonderful crop of grafters.

AT THE Maryland republican convention last week, as stated in the Gazette at that time, a platform was adopted containing the declaration that the republican party of the State "favors no social equality among the races, favors no negro domination over the white people here or elsewhere and can be depended upon to guard against the establishment of either of these conditions in Maryland." Only eight negroes were present, as compared with ten times as many at former conventions. This action, in addition to the well-known opinion of Secretary Root that the experiment of suffrage for the emancipated negroes had proved a failure, is thought to foreshadow a new policy on the question of negro suffrage by the next national republican convention.

IN SPITE of the fact that civil war veterans are dying at the rate of about 500 a month, and that 6,000 pensioners died last year, the greatest number ever on the pension rolls was shown on January 1 of this year; namely, 1,496,000 persons. The annual value of the roll on June 30 was $136,755,295. The [illegible]ber of claims allowed under Roosevelt's age order, in effect [illegible] 1904, up to June 30, 1905, [illegible]2. This shows that while some pensioners must die, none resign.

GENERAL LEONARD WOOD, who recently returned to the Philippines, reports that in the Island of Mindanao the natives have been "pacified" to such a degree that American officials may now travel with safety where a strong guard was formerly necessary. Though it was rather sanguinary, there is no question of the effectiveness of the latest "pacification" of the Moros. They will never again disturb the halcyon peace of the island. Dead Moros are good Moros, according to Gen. Wood.

ALREADY more than $15,000,000 of gold from the Alaskan and Klondike gold fields has been deposited in the the Treasury at Washington, and it is estimated that the total will exceed $20,000,000. This gold will pass into circulation promptly by the issuance of gold certificates, and the republicans will claim that their policy of government is responsible for this increase in the money circulation?

MAYOR RIDDICK, of Norfolk, is one of the first mayors in Virginia who have not sanctioned the organization of a Virginia league of municipalities. He says such an organization would be expensive and could accomplish but little good. In this he is about right. There are too many organizations in this country already.

IT APPEARS that the mutual insurance companies in New York are not operated on the mutual plan. It is only the directors of the companies who act toward each other on this reciprocal plan when it comes to a distribution of spoils.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Sept. 12.

Robert H. Talley, of Richmond, has been appointed United States District Attorney for the Eastern district of Virginia, vice Judge Lewis who has resigned to conduct his candidacy for governor on an independent republican ticket. Mr. Tally has been Judge Lewis assistant for some time past. The acceptance of Judge Lewis's resignation by the President will be a surprise to many Virginia republicans who believed that the place would be kept open for him till after he is defeated for governor of his State next November.

The National Association of Master Bakers, 300 strong, opened their annual convention in this city today. Owing to a sprained ankle, President Martin Simon, of Cincinnati, O., was unable to be present. His address was read by Vice-President Adolph Boettler, of St. Louis, Mo. District Commissioner Henry L. West welcomed the breadmakers to Washington. "It is peculiarly appropriate that bakers should meet in Washington," he said. "Government pie is sweeter and more plentiful in this city than in any other in the country." "Does it pay the baker to make a cheap quality of bread?" was the subject of a paper read by William Fisch, of Birmingham, Ala. He drew the conclusion that cheap bread, being less wholesome, less nutritive and consequently less satisfactory to customers drove trade from the baker who produced it, and if all the bakers of a community furnished cheap bread, consumers would make their own. Reasonably good bread, in a reasonable sized loaf, he said, was a bread winner.

According to recent reports of the Bureau of Labor of the Department of Commerce and Labor, the cost of living in America has increased more rapidly than the increase of wages. Shorter hours and slightly increased wages in 1904 did not effect the large increase in the price of food stuffs, such as Irish potatoes, flour and lard. The total number employed last year was slightly below that of 1903 and despite the increase in wages the total weekly earnings was also lower. It is estimated that the average cost of food per family in the United States in 1904 was $347.10. In 1896 it was 17 per cent less. The cost of food is estimated as representing 42.54 per cost of all family expenditures.

Major General Corbin, commanding the army in the Phillipines, preaches a little sermon on the virtue of frugality in an official order issued to his troops, a copy of which has just reached Washington. Commenting on the deplorable fact that most of the men who have served their terms of enlistment find themselves without funds, he says: "This is a lesson that should not be lost sight of by those remaining in the service. Every employe should resolve, and make good the resolution, from this time on to deposit at the end of each month at least ten per cent of his pay with a savings bank. Had the men now discharged and in want saved one half of ten per cent. they would have much more than enough to take them to their homes, or, better yet, perhaps, to allow them to live here in comfort until other employment could be obtained. Here in these islands an obligation rests upon every one in the public service to do his part in the work of building up and the betterment of the natives around about us. This responsibility rests on all, and not on the few. Honest, sober, industrous frugal lives on the part of all is a requirement of those in every branch on the service."

It is now announced at the State Department that the reception to Prince Louis, of Battenburg, who is to visit this country next month with a British cruiser squadron, will be held at New York instead of at Newport as previously arranged. Col. R. M. Thompson, of New York, a member of the Annapolis Naval Academy Alumni Association, called at the State Department this morning for the purpose of ascertaining the programme for the official courtesies that are to be extended to the distinguished visitor in order that arrangements for private entertainments may be made without conflicting therewith. Prince Louis after visiting New York will sail down to Annapolis where he will be given a dinner by the Alumni Association at the Academy. He will then bring his fleet up the Potomac to Washington. The detailed programme of his movements has yet to be prepared.

The Democratic Primary.

To the Editor of the Alexandria Gazette:

About a week ago, to strengthen the nerves of some discerning democrats, who, viewing the great discrepancy between the total vote expected and the total vote cast at the recent primary, were experiencing a feeling of uneasiness, you published the election figures in the Eighth district showing an increase over the vote cast for the party at the election last fall. Now for fear of making some democrats the victims of overconfidence and thus further weakening your already tottering cause, had you not better call attention to the vote cast in the primary in the Fifth, Mr. Swanson's district, where the combined vote cast for Messrs. Swanson, Mann and Willard was exactly 1,705 less than the vote given Mr. Swanson last fall.

REPUBLICAN.

[We have not at hand the vote cast for Congressmen in the Fifth district last fall. The correspondent's figures are no doubt correct, for it is well known that the democratic Congressmen received a larger vote in the State than did Judge Parker, Mr. Rixey's in this district largely exceeding the democratic presidential candidate. The figures 1705 have no special bearing on what will be Mr. Swanson's vote in the Fifth district next November. It is known by the correspondent, for the reason that he is one of the most astute politicians in the city, that the vote in November next will be compared with the vote cast for Parker and for Roosevelt. In the presidential contest Parker received, 80,664; Roosevelt, 48,181. Parker received in the fifth district 7,366 votes and a majority of 1,372. The combined vote for governor cast on August 22 was 7,188, only 176 less than was cast for Parker. This is not all, and as the correspondent might have done so but did not, we will give some further figures from the Fifth district. Roosevelt was admittedly strong last year and his vote was 5,994. Now, Mr. Swanson's vote last month was 5,865 in a primary contest or only 129 votes less than were cast for Roosevelt. The correspondent need not worry as to any democrats having "a feeling of uneasiness or becoming "the victims of over confidence," and as to weakening from an "already tottering cause" we know, and no one knows better than the correspondent, the claims made in 1889 of 15,000 majority for Mahone when McKenney defeated him by 42,000. All this recalls the picture of that horrid pig printed at that time by an Alexandria printer.]

Fighting in the Caucasus.

Private telegrams from Baku reports that the situation there is growing worse. It is asserted that the rioters are stubbornly continuing their attacks, and that the Tartars and Kurds are plundering in the "Black Town" district. The dispatches say that on Sunday the soldiers fired into a crowd of Russian workmen, killing seventeen.

A dispatch to the Caucasus Oil Company from Baku says that the fires in the oil fields are practically exhausted, and that the military authorities are stationing guards in the district.

During the night, the dispatch says, incendiaries tried to land at Bibiebat from small boats, but were driven off by volleys from the Cossacks. They then attacked steamers in which the employes of two oil companies had taken refuge during the uprising, but the attack was repulsed.

The incendiaries succeeded in setting fire to three machine shops in the Uolshkin district, killing the properietor of one.

Prince Tsitsinnoff, a landed proprietor, was assassinated yesterday at Gori, fifty miles from Tiflis.

The following incident showing the desperate spirit displayed by the Tartars is reported from Baku: A band of Tartars barricaded themselves in the house of a rich Mussulman and fired from the windows on a patrol officer who called upon them to surrender. The Tartars replied with another volley and continued firing while artillery was brought up. The artillery laid the house in ruins, the Tartars perishing to a man.

Capt. Lee.

At Stafford Court House yesterday a meeting of democrats was held to act on the resignation of Capt. Dan M. Lee as county chairman. The resignation was accepted, but Capt. Lee was continued as a member of the county committee. Judge R. H. L. Chichester was elected chairman.

Capt. Lee was present and participated in the proceedings. He said he was not an independent candidate for the legislature in the ordinary sense. The rules, he said, required that the two committees, one of Stafford and one of King George, should have met jointly to declare the nominee. R. C. L. Moncure had been named by each committee separately and at different times. He, therefore, did not consider him the regular nominee, and felt that he (Capt. Lee) had as much right to be a candidate as any other democrat or any one else. On Capt. Lee's motion, the Stafford committee resolved to ask the King George committee to meet with the Stafford committee in joint session at Cox's store, September 20, and decide whether Mr. Moncure or Capt. Lee shall be the nominee. Both Capt. Lee and Mr. Moncure agreed to abide by the decision.

Horrors in the Caucasus.

St. Petersburg, Sept. 12.—The latest advices in regard to the fighting in the Caucasus is of a most disquieting nature. The struggle which has been in progress between Tartars and Armenians, has now assumed the aspect of a holy war. Tartars have openly proclaimed such a war and are engaged in an effort to exterminate all Armenians.

The situation has been made worse by the fact that Tartars from Persia are being sent into Russian districts to take part in this warfare of the Armenians. The trouble has reached a climax in the Caucasian districts of Zengezur and Jebrail. The Tartars are massacreing Armenians in great numbers without distinction of age or sex. The country is swarming with Tartar bands who are engaged in this work of extermination.

Many thousands of Tartar horsemen have crossed the Perso-Russian frontier and have joined the insurgents in destroying the Armenian villages.

In some instances the Tartar bands are led by Tartar police officials.

At the village of Minkind three hundred Armenians were massacred amid scenes of great horror. Mutilated children were tossed to the dogs, according to the dispatches, and a few survivors were allowed to purchase their lives by embracing Islamism.

Tiflis, Russian Caucasus, Sept. 12.—A conflict occurred here today between Cossacks and social democrats in which 100 of the social democrats were killed or wounded. Many others were trampled to death in a panic, which occurred subsequently.

Social democrats to the number of 2,000 forced an entrance to the town hall which was closed for the celebration of a religious holiday, observing the beheading of John the Baptist.

Speeches of a revolutionary nature were made and the chief of police ordered the meeting to close and the people to disperse. Some of those present obeyed the order, but others did not, and a few revolver shots were fired. Cossacks who had been drawn up outside the building then fired several volleys which killed 30 persons in the crowd and wounded seventy others. A panic ensued immediately and many persons were trampled in the rush of the people from the spot.

Vienna, Sept. 12.—Armenian refugees from various parts of the Caucasus, who fled from the scene of fighting between Tartars and Armenians, have arrived here and tell startling tales of the horrors of the bloody warfare which has been in progress. One of the stories relates to the manner in which a wealthy Armenian merchant by the name of Adamoff, who was known as the best shot in Baku, defended his house against the attack of several hundred Tartars. Armed with several guns Adamoff kept a close guard over his house. When the Tartars attacked him he opened a hard fire on them from the windows. His wife and child loaded the guns as fast as he could fire them, and in this way he kept the mob at bay for several hours, killing or wounding forty seven of the besiegers. Finally the Tartars succeeded in setting fire to the house and Adamoff and his family were incinerated.

St. Petersburg, Sept. 12.—A report from Baku says that Tartars are desecrating the churches in that region. In one instance at Ikon, the image of the Virgin Mary was riddled with bullets, and the words "All Christians are foul," were written across it.

Batoum, Russia, Sept. 12.—Anti-Christian agitation is growing among Mussulmans here. A letter inciting the populace to violence has been seized by the authorities.

St. Petersburg, Sept. 12.—Dispatches received today from various parts of the Caucasus indicate that the troubles which have been in progress there for so many days are still continuing. According to one report Tartars are engaged in pillaging Armenian monasteries. Women and children and the inmates of these institutions have been ruthlessly murdered. Scenes of indescribable horror have been enacted throughout the district in which these outrages have been perpetrated. Business is at a standstill and most of the industries have been practically destroyed This is particularly true of the silk, naphtha, and copper industries, and the fishing trade, which have suffered heavily during the fighting. Property to an enormous value has been destroyed, and even if money is forthcoming it will require a long time to restore the business.

A dispatch from Tiflis says that the number of casualties during the fighting there reaches thirty killed and sixty wounded.

At Batoum Tartar agents have pro claimed a holy war.

Japanese Battleship Destroyed.

London, Sept. 12.—The correspondent of the Reuter Telegram Company at Tokio wires that the Japanese battleship Mikasa caught fire and sank at 2:30 a. m., yesterday. The Mikasa was one of the most powerful of the warships in the Japanese navy. She was Admiral Togo's flagship and was used by him personally in the recent great battle with the Russian fleet in the sea of Japan and suffered the heaviest loss. She lost sixty-three of her crew in killed and wounded. She also took a prominent part in the battle off Port Arthur on August 10, 1904. The Mikasa was a first class battleship of 15,200 tons displacement. She was built in England and was launched in 1902. The vessel was 400 feet long, 76 feet beam, and drew 27 1-2 feet of water. Her indicated horse power was 16,481, which gave her a speed of over 18 knots. She carried 935 officers and men.

Tokio, Sept. 12.—The loss of life caused by the sinking of the battleship Mikasa, Admiral Togo's flagship, totals 599 men and officers. This includes a number of men sent from other ships to rescue the vessel. The following details in regard to the destruction of the warship, were made public this afternoon by the Navy Department: "The battleship caught fire from an unknown cause at midnight September 10. The flames reached the after magazine before the fire could be subdued, and this exploded, blowing a hole in the port side of the Mikasa, below the water line. This caused the vessel to sink. An investigation has been started to determine the cause of the fire."

Startling Mortality.

Sensational Burglaries.

Greenwich, Conn., Sept. 12.—The series of sensational burglaries that have been prepetrated in this vicinity the past few weeks reached their climax last night, when Mrs. A. C. Morrill, daughter of E. C. Converse, New York financier and chairman of the finance committee of the U. S. Steel Corporation, was hit by a burglar's bullet, and painfully if not fatally injured. The Morrills have recently come to Greenwich, to make their home and live in a handsome colonial house on the Boston post road about a mile from Greenwich village. Mrs. Morrill, a lady guest, a nurse and seven maid servants were in the house last night. About three o'clock the nurse was awakened by the flash of a dark lantern in her face, and she gave a scream as she rose from her bed. The burglar felled her with a blow from a revolver and beat her almost into insensibility. By this time the lady guest came running into the room to learn the cause of the screams, and the burglar fired. The bullet went wide of the mark, and the lady rushed out of the room. Mrs. Morrill came in then and the burglar fired again. The bullet struck her in the chin, glancing down and entering her shoulder. The burglar, for there was only one, evidently became frightened then and hustled out of the house by the kitchen door. The Greenwich officers were notified by telephone and on the lawn they found a revolver, also a screw driver, with which the burglar had taken off the lock of the front door to effect his entrance. At 5 o'clock this morning, the police arrested a man at the depot here on suspicion of being the burglar. He gave his name as John Brown, of 300 west 51st street, New York The physician who was called to attend Mrs. Morrill stated that she will likely recover, though here face will probably bear the mark of the bullet for life.

Execution of a Murderer.

Auburn, N. Y., Sept. 12.—Henry W. Manzer, the Oswego county farm hand who murdered pretty 12-year-old Cora Sweet, was successfully electrocuted in Auburn prison at 6:15 o'clock this morning. Manzer's crime was one of the most brutal and nauseating in the criminal history of the county of Oswego. His victim was a winsome child of twelve years, the daughter of a well-to-do farmer who resided in the town of Scriba, a few miles from the city of Oswego. Manzer was a farm hand employed on a neighboring farm. On Sunday morning, May 28, Manzer met the little girl as she was on her way to Sunday school, lured her into a piece of woods not far distant from the highway, and then killed her by pounding her head into a shapeless mass with a stone. By his own confession Manzer said that he had also assaulted the child. Feeling against the man after his arrest ran high and he narrowly escaped being lynched. Manzer was 30 years of age. Physicians declared him a moral degenerate.

Royal Arcanum.

Boston, Sept. 12. — At yesterday's meeting of the committee of fifteen, a delegation to the Royal Arcanum conference to concert measures to have the courts set aside the new rates was appointed to represent the Massachusetts protestants. Within a few days the protesting committee from Massachusetts, New York, Pennsylvania, Ohio, Rhode Island and other States will have a conference in New York, city to agree upon new measures to be taken against the rates. A statement by the committee of fifteen says "communications received from Ohio, New York, Pennsylvania, Rhode Island and New Jersey indicated that legal proceedings were sure to be opened at once." These legal proceedings will be guided doubtless by a committee of lawyers which the conference will appoint to see the matter through the courts. The conference will not take such action without the most careful deliberation, however, and there are members of the Massachusetts committee who object to taking legal steps except as the last resort.

The Envoys.

New York, Sept. 12.—M. Witte, the Russian peace envoy, with his entire suite of aides and secretaries will sail for home at 3 o'clock this afternoon on the steamer Kaiser Wilhelm II. It had been arranged to hold a reception at the Produce Exchange this morning, but this was cancelled. Before sailing M. Witte again expressed in eloquent and seemingly sincere terms his appreciation of the official and personal courtesies extended to him and associates during their stay in the United States.

Baron Komura, the Japanese peace envoy, may not be able to start on his trip toward home Thursday as arranged. He is still confined to his apartments at the Waldorf-Astoria, and his attendants are very reticent about making any statement concerning his indisposition. It is expected, however, that the arrangements of the Japanese for leaving here Thursday for the Pacific coast will be carried out.

Victims of the Accident.

New York, Sept. 12.—Ten victims of the elevated railroad curve disaster remain in Roosevelt hospital, and of these four are likely to die. Experts declare that the accident was entirely due to the company's parsimony in not having installed a switching and signal service adequate to its traffic demands. An effort will be made at the inquiry to fix the blame for the disaster, to bring out that the company by the expenditure of $25,000 could have removed the antiquated flat rail curve maintained at Fifty-third street and Ninth avenue, and which was a constant menace to the lives and safety of its patrons from the moment it began operating heavy electric motor cars. A raised rail curve would have obviated, it is declared, such an accident as yesterday's.

Disorders in Spain.

Valencia, Spain, Sept. 12.—An attempt by monarchists to break up a meeting of republicans here last night was followed by shooting in which 23 persons were wounded. It is feared that five of the injured will die. The republicans won a victory in the election on Sunday and a meeting was held last night to celebrate their success. While the meeting was in progress monarchists made an attack on the gathering. In the confusion many shots were fired with the result stated.

Baseball.

Alexandria, Va., Sept. 12.

To the Editor of the Alexandria Gazette.

In order to give justice to the Del Ray Baseball Club, I wish to contradict the statement in your paper several days ago in regard to the championship of the Alexandria Baseball League. The Invincibles are not the champions. The official standing of the clubs is as follows: Del Ray, first; Invincibles, second. The above mentioned teams played on the old fair grounds last Wednesday but the Del Ray club refused to play off the postponed game on the ground that the season was over and as postponed games are left altogether with the managers of the concerned clubs, neither team can be made to play this game off. The managers of the respective teams agreed, before play commenced, that the game would be an exhibition game; therefore the statement that the Invincibles had won the penant is unofficial. Respectfully,

DEL RAY BASEBALL CLUB.

A New Question in Virginia.

In one of the personal injury cases against the W., A. & Mt. V. Ry. Co., now being heard in the Circuit Court of Alexandria county, Messrs. Caton and Moore, attorneys for the company, yesterday morning made a motion that the plaintiff be required to submit to a physical examination by impartial surgeons selected by the court. The motion was resisted by Mr. Leo P. Harlow, the plaintiff's attorney, but, after argument, was granted by Judge Nicol. It was said during the argument that the Court of Appeals of this State has never passed upon such a motion; that the Supreme Court of the United States (its judges being divided) has held that an examination should not be compelled, and that the preponderance of opinion in the courts of other States is to the effect that it should be compelled in the interest of developing the truth. The point has not, so far as known, been heretofore decided by Judge Nicol. This ruling will be a matter of general interest to lawyers of the State.

Fire Last Night.

About half-past 12 o'clock last night fire was discovered in a double frame house on the east side of Henry street, near Duke. An alarm was sounded by a number of locomotives standing at and near the Southern Railway depot and the shrieking of whistles as fierce as those heard on New Year night, soon aroused nearly everybody in the city. The department was on the scene and soon at work, but the fire was stubborn and the interior of the house was considerably damaged before the flames were subdued. The origin of the fire is unknown. A telegraph office and signal station of the Washington-Southern Railway adjoins the structure, and the rear of the former was damaged. The house in which the fire originated is located several yards east of the street. It was erected during the civil war by the federal government. It has during late years been used as a lunch house, and was occupied by colored people.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Johnson Hansborough, arrested by Officer Bell charged with non-support of his family, forfeited $10 collateral by failure to appear.

George Boston, colored, arrested by Officer Allen for carrying concealed weapons and shooting in the street, was fined $20.

John Haskins, colored, arrested by Officers Allen and Beach charged with drunken and disorderly conduct, was dismissed.

George King, colored, arrested by Officers Knight and Arrington for assaulting Wm. Lewis, was fined $10, or given 30 days in jail.

The New Depot.

Preparations are being made for the occupation of the new union depot, at the foot of Shooter's Hill, on Friday next. All passenger trains of the Southern, Washington-Southern and Chesapeake and Ohio roads, will on and after that date, arrive at and depart from that place. The first train to leave the new station will be southbound passenger train No. 39, which reaches here from Washington at 4:49 a. m. The last passenger train which will pass over the Fayette street track will be northbound passenger train No. 40, which will reach Alexandria about midnight on Thursday night next.

Died From His Injuries.

Henry Beverly, colored, who was shot on a houseboat on the Potomac river near the south end of the Long bridge, about two weeks ago, by Richard Smith, colored, died at the Emergency Hospital in Washington yesterday afternoon. The shooting is said to have been the result of an accident, as Beverly and Smith were on the houseboat together, and Smith's gun was accidentally discharged while he was cleaning it. A load of birdshot struck Beverly in the head, back, and legs. The shooting occurred in the jurisdiction of Alexandria county.

Brakeman Injured.

Mr. William Allison, a brakeman on the Washington-Southern Railway, had both of his legs painfully injured at Brickhaven, Alexandria county, last night. Mr. Allison was riding on the footboard of the tender of a switch engine, which was being backed, when a steer started to cross the track. The locomotive collided with the animal, the brakeman being a buffer between it and the bovine, with the result given above. Mr. Allison was brought to his home in this city where he received surgical attention.

Point No Point Light.

The position of the lighthouse at the station off Point No Point, about 6 miles northward of the entrance to the Potomac river, has been determined by the Coast and Geodetic Survey. The lighthouse was found to be about 1-10 mile E. S. E. 1-2 E. from the position formerly assigned it on the charts. Geographic position: Latitude, 38° 07′ 41″ N.; longitude, 76° 17′ 26″ W.

Death of Mrs. Atwell.

Mrs. Julia A. Atwell, widow of Ewell Atwell, died in Washington last night. The deceased was 71 years old. She leaves five children—three sons and two daughters. Mrs. Atwell was an old and well-known resident of this city, but had recently lived in Washington. Her remains will be brought here for interment and the funeral will take place next Thursday.

Charter.

The corporation commission yesterday chartered the Tidewater Fuel and Gas Manufacturing Corporation, of Alexandria. A. D. Shrewsbury, of Washington, is president; F. D. Blackstone, vice president, and A. George Maul, secretary and treasurer, both of Washington. The capital stock is $50,000.

Death of John S. Beach.

Mr. John S. Beach, Clerk of the Circuit and Corporation Courts of this city, died at his home on north St. Asaph street last night. The deceased had been suffering from valvular disease of the heart, but during the past few days he had seemingly improved and had been at his office and moving about the city. His sudden death was therefore unexpected and was a shock to his many friends and acquaintances.

The deceased was an old and well-known citizen and was deservedly popular with a large circle of friends and acquaintances. He was a native of Fairfax county, but had lived in Alexandria during most of his life. The deceased was a son of the late Samuel Beach who was for many years a Justice of the Peace of this city. He was born on August 9, 1837, and was consequently in his 69th year. Mr. Beach with his parents and his brother, the late Samuel Beach (who at one time had charge of the old Lancasterian school, on the site of the present Washington school building) came to Alexandria in 1845. He was educated at the old Alexandria Academy, conducted by the late Prof. Robert L. Brockett, and in 1857 he opened a private school on the northwest corner of Princess and Columbus streets in what was known as the old cannon house, which he conducted for a number of years. Some time after the establishment of the public school system in this city he was made vice principal of the Washington School, which position he filled until January 1, 1884, when he was appointed clerk of the courts for this city to succeed Col. Morton Marye. Mr. Beach was eventually elected clerk and had been chosen to succeed himself ever since.

Mr. Beach first appeared in political life after the State had been readmitted to the union in 1870, when he was a candidate for Clerk of the Courts. He was opposed by Col. Morton Marye. The latter was elected, and in 1884, after the downfall of Mahoneism and the election of Col. Marye as Auditor, Mr. Beach was appointed to the clerkship. Last June he was nominated as the candidate for the position at the democratic primary election. His death leaves the field open for any who may desire to become candidates at the general election in November.

Judge Barley has closed the Clerk's office, the death of Mr. Beach rendering this course necessary from the fact that Mr. N. S. Greenaway was Mr. Beach's deputy, and appointed by him, Judge Barley will not take any action looking to the appointment of a clerk until after Mr. Beach's funeral. The term of the deceased would not have expired until February 1, 1907, although the election for the office will be held next November.

Mr. Beach was at one time a member of the City School Board, and of the City Council, was a member of Alexandria-Washington Lodge of Masons and of the M. E. Church South. Kind, courteous and obliging toward all he met, he had made many acquaintances.

Although Mr. Beach's intimate friends were aware of the fact that he was a sufferer from serious organic disease, they were unprepared to hear of his death, which was a shock to all from the fact that he was on the street as late as 5 o'clock yesterday afternoon.

The deceased never married. He was president of the Bachelors' Club of this city.

The remains will be taken to Lorton Valley, Fairfax county, for interment on Thursday. The pallbearers will be the following, representing the Court, the Masonic fraternity and other friends of the deceased: Judge L. C. Barley and Messrs. N. S. Greenaway, C. H. Callahan, T. W. Robinson, D. W. Aitcheson and Chas. W. Duffey.

The Corporation Court transacted no business today on account of the death of Mr. Beach, the clerk, and Judge Barley adjourned the court till after the funeral.

Prophetic Words.

On Tuesday, April 10, 1900, a primary election was held and Mr. John S. Beach was nominated for clerk of courts for the term beginning July 1, 1900, and ending July 1, 1906. That night he was in the rooms of the Bachelor Club and some friends were discussing the length of his term. One of them turned to a city officer, who was present, and said: "Why don't you have your term for six years instead of two, and then you would not be persistently harassed." The official addressed in response said he would like to have it so, but it was fixed by law, and would require amendments to the city charter. Mr. Beach remarked: "In my case it makes no difference, I'll not be here then," to which some one replied "you do not know." No, he did not know, but his words were prophetic.

[Judge C. E. Nicol presiding.]

The case of Miss Ida M. Breen vs. the Washington, Alexandria and Mount Vernon Railway Company, a suit for $10,000 for damages for personal injuries alleged to have been sustained by reason of the collision on that road last March, has occupied the attention of the court today.

As heretofore stated, the jury in the case of Miss Carrie G. Haws versus the same company last week gave a verdict for $8,500, and the argument for a new trial was set for trial tomorrow. The matter, however, has been arranged by counsel on each side, the plaintiff agreeing to accept the sum of $2,500 in full of all claims. Miss Haws was represented by Mr. John M. Johnson.

Destroyed the Steamer.

A dispatch from Helsingfors, Finland, says that customs officials on Saturday discovered 660 carbines of Swedish manufacture, with bayonets, and 120,000 cartridges on a barren island in the Gulf of Bothnia, near Kerni. On Sunday morning a boat belonging to the customs service discovered a 800-ton steamer near Kalfskaer Rock, 20 miles outside Jakobstad.

The captain and members of the crew, who spoke in English, declared that the steamer was fully loaded with rifles and cartridges, and thereupon the customs officials ordered the captain to take his vessel into port and discharge the cargo.

The steamer proceeded towards the shore, the customs boat going in the meanwhile to a nearby island. Suddenly several explosions were heard from the steamer, and the customs officers on returning found the vessel sinking and her crew in lifeboats disappearing hurriedly towards the south. The officers impressed into service a number of fishermen, who unloaded most of the rifles and ammunition on the beach.

The steamer grounded in shoal water. Her name was painted over, only the letters "John Bash fton" being visible. American and German flags were found on board the vessel.

On the night previous to the discovery of the rifles and ammunition on the island near Kerni a fisherman, he declared, saw a small steamer cruising in a curious manner in the offing.

Repudiate Treaty.

A mass meeting at Osaka, Japan, passed the following resolution without hindrance on the part of the police:

"The peace that has just been concluded between Russia and Japan forfeits the fruits of victory and sows seeds of future complications and danger. The government's high handed and unconstitutional measure has resulted in unexpected disturbances to the peace of the city in which the Mikado resides. The empire's honor has been soiled and the spirit of the constitution lost. Never has our country been brought to face greater dangers. Therefore be it

"Resolved, That we hope that the humiliating peace agreement will be broken and the government will resign."

In accordance with established usages, the Cabinet ministers have presented an official statement to the Mikado explaining the necessity of instituting martial law at the capital, and at the same time asking the imperial judgment as to whether they should remain in office or retire. The Emperor's reply, which was made yesterday, advises them to retain their respective posts.

A Laxative Cough Syrup.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup whooping coughs, La Grippe, bronchitis, etc. Sold by W. F. Creighton & Co., 401 King street.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." For sale by Gibson & Timberman and W. F. Creighton & Co.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter he says, "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure Dyspepsia, Billiousness and Kidney Disease, by E. S. Leadbeater & Sons, druggists, at 50c a bottle.

No Unpleasant Effect.

If you ever took DeWitt's Little Early Risers for billiousness or constipation you know what pill pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. Sold by W. F. Creighton, & Co. 401 King street.
